Dear Ms. Cliffe,

I refer to you correspondence dated 17th April 2020 in relation to the management of the outbreak of Covid-19 in [REDACTED].

At the outset I can assure you that all of the extensive actions taken to control the spread of infection are based on consideration of Public Health and Infection Control input.

I will provide a more detailed response but management at the hospital and Public Health have been extremely busy in dealing with the implementation of the Ministerial decision to test all staff and all residents in all residential centres.

I hope to be able to provide a more detailed response to you later today or tomorrow.

Yours sincerely,

[REDACTED]
