Dear Susan,

Please see Ultan's email below is it possible to get the OSV numbers for these locations?

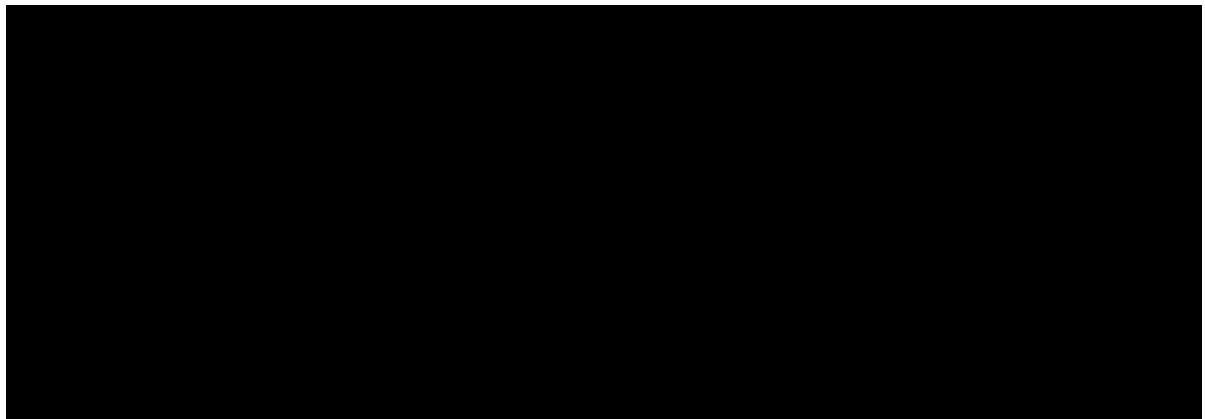

Many thanks

Sandra

Sandra

Key issue is that we can't easily link to our CHOs or even identify centres in some cases due to the number of St. xxxxx centres. If we could get the list re-run with the OSV number we can convert to a list by CHO really fast.

I assume that this data would be of use to CHO crisis Management Teams in their assessment of Centres within their area.
