Good afternoon Tadhg

Apologies I had not picked up your call. Yes, indeed a very serious and worrying time.

I am in constant contact with HSE national and Public Health - I intend issuing a notice to providers late this evening or early tomorrow morning. We will also be facilitating the HSE national disseminate information directly to all registered centres through our Core Portal.

I am of course - cognisant that this is a dynamic situation and change is constant. Thereafter - ongoing information will be updated in line with public health instructions / advice.

Regards,

Mary

Good afternoon Mary,

I left a voice message on Tuesday last and appreciate like us all you are exceptionally busy dealing with the evolving challenges associated with COVID-19.

I note that the Authority has published general updates re COVID-19 on Friday last 6th March 2020.

When can we expect communication from the Authority to the nursing home sector in respect of COVID-19?

Best regards,
Tadhg
